

Supra eKEY®

Unlock a higher level of service

The showing matters as much as the listing

Home buyers expect a level of service that stays a step ahead of their needs. That's why it's essential to provide an experience that not only keeps you close to the latest listing and showing information, but that also matches their connected life.

Count on Supra eKEY apps to help you build strong connections with home buyers. Stay in-step with home buyer preferences—even automatically receive feedback on showings. Have confidence you're working with a proven leader in lockbox management and real-time showing information, delivering an interconnected digital experience to delight home buyers.

Supra eKEY Basic:

1ST 1st app for accessing listings, managing lockboxes, and delivering real-time wireless access to showing information

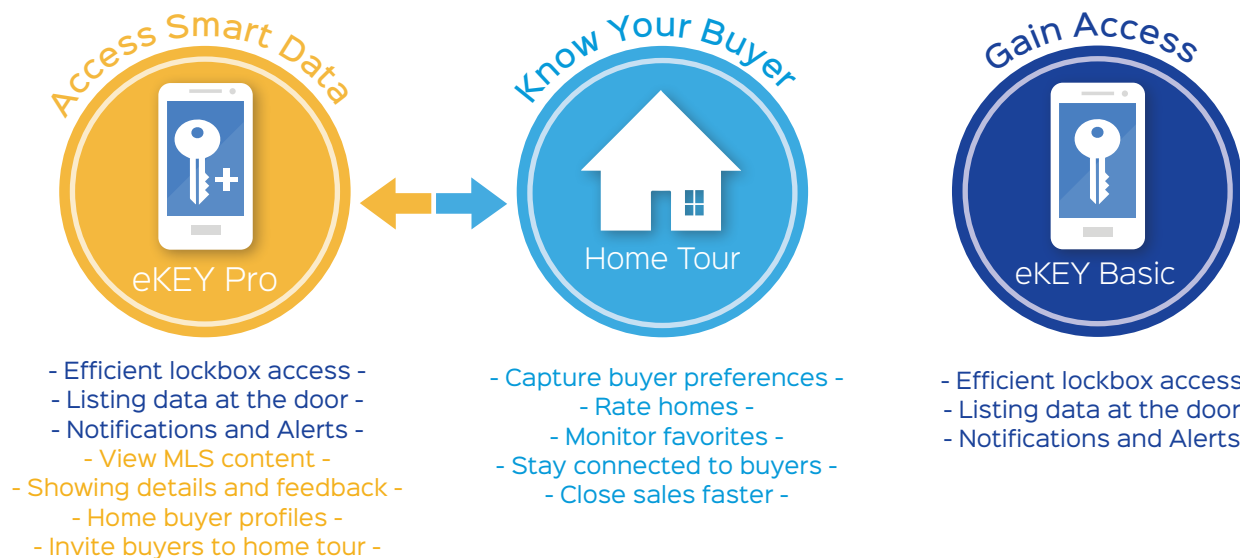

Supra eKEY Professional:

1ST 1st lockbox app to provide listings and rosters on the go, plus showing details within the app

Supra Home Tour:

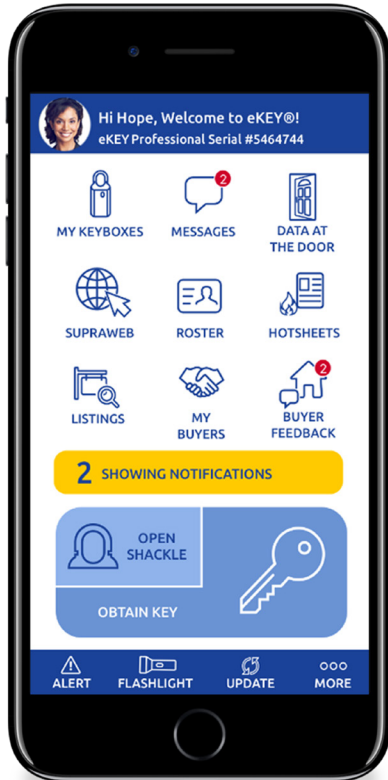

1ST 1st lockbox app for home buyers that enables them to rate homes, track preferences, and deliver instant feedback to their agent

Unlock new ways to work with home buyers

Supra eKEY Professional and Home Tour

Get seamless access to real-time data and information, and connect with home buyers in new ways with an innovative app designed just for them.

Home Tour

Add value and better understand your home buyers by helping them stay connected to the showing experience.

Instant and at your service

- Capture home buyer preferences automatically in real-time—enable them to easily share feedback with their friends and family.
- Help home buyers never forget a home—give them the power to rate homes and monitor favorites.
- Stay up to date with home buyer preferences to help close sales faster.

eKEY Professional

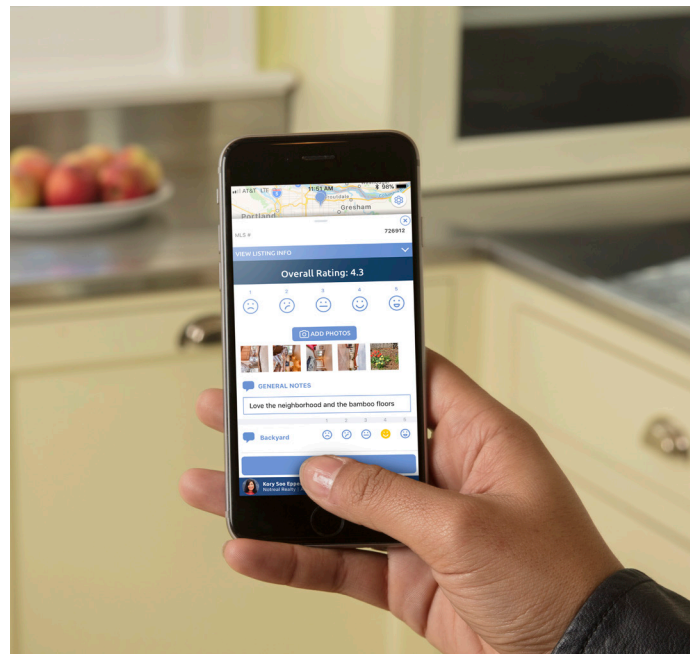

View listing and showing information anytime, create real-time showing notes, and get all of the great features of eKEY Basic—all in one app.

Smart insights

- View and search MLS listings and agent roster—even when offline—and easily connect with other agents.
- Create real-time property notes for buyer's agents to view when opening the lockbox.
- Easily access your list of buyers and invite them to engage with the Supra Home Tour app in an instant.

Confidence and peace of mind

- Quickly and easily show properties using the phone's biometric feature—or even the Apple Watch®.
- Receive real-time alerts and notifications so you can elevate visibility at properties.
- View map and turn-by-turn directions to listings at the tap of a button.

eKEY Basic

Get efficient access and powerful information in a new, modern look and feel—it's simple to manage lockboxes and access showing information wirelessly.

Quick access, real-time information

- Easily gain access to properties—set access hours to listings, change lockbox shackle codes in an instant, and track lockbox inventory.
- Get real-time data at the door, including a listing photo and current property notes.
- Quickly and easily show properties using the phone's biometric feature—or even the Apple Watch®.
- Receive real-time showing information when showings start and end.

Take showings to the next level

Rely on Supra to keep you at the cutting edge of what home buyers want. With Supra eKEY apps, you can make real, authentic connections with home buyers.

Supra is a leading global provider of key management solutions and released its first lockbox system in 1955. Today, Real Estate Associations and Multiple Listing Services across North America have implemented the Supra system, enabling real estate agents to efficiently market and show listed homes.

Supra offers innovative solutions for key management, helping you drive success and close sales faster by staying connected to what your home buyers want.

Lead. Connect. Sell.
